

## Chingford's DÉJÀ VU hosts special treatment open day

DÉJÀ VU Beauty Clinic in Chingford held a special open day in March giving guests the opportunity to watch live demonstrations of treatments. Established in 1998, DÉJÀ VU was founded by beauty technician, Anna Kyriacou, who has created an elite Essex salon. The clinic was recently expanded and now offers high-end beauty treatments. Model Alicia Steffrett allowed herself to be treated live for the event by Emeline Hartley and Frances Furlong, who specialise in providing treatments to the modelling and entertainment industry. Emeline and Frances, two of the most experienced aesthetic nurse practitioners in the industry, now run Cosmetic Healthcare Solutions at DÉJÀ VU.
