

WIN THE MAKEOVER OF YOUR DREAMS

DREAM MAKEOVER ESSEX IS A UNIQUE OPPORTUNITY TO CHANGE YOUR LIFE

Launched this month the competition is giving people a chance to WIN a fabulous Dream Makeover worth up to £25,000 and be the proud owner of perfect eyesight, a perfect smile, great grooming, looks and style – it's a fabulous package.

This is an opportunity of a lifetime and FREE to enter thanks to Philips Dental Care, acknowledged leaders in the field of Dental Care Hygiene and the skill and expertise of a team of professionals who will carry out these amazing makeovers.

Ash Parmar from Smile Design by Ash, the leading cosmetic dentist from TV's Extreme Makeover UK and The Only Way is Essex, has put together an incredible team who will provide a range of treatments.

This is perfect for those 'gingers' who want to change their look or anyone who needs a revamp. Everyone who enters the competition will receive a book of vouchers valued at £650 for their choice of makeover treatments.

Ash says "The lucky winners will be one man and one woman in two age groups 20-40 and 41-65. Believe me I have experienced how a dream makeover can change people's lives, increase confidence and self-esteem and give a new lease of life. It could be you."

Maria, aged 45, agrees. After her dream makeover she says "Just look at me then and look at me now! The makeover transformed my life. I lacked confidence but afterwards I threw my glasses away and could not stop smiling at the new younger looking me."

Maria Before

Maria After

Dream Makeover Essex is going to do the same for four worthy winners. Judging will be done by top Professionals in their field who will assess each entrant individually to find the four winners. The amazing makeovers will be revealed at a magnificent Gala Event to be held in March next year.

MEET THE TEAM

ADVANCED VISION CARE

Laser eye correction from Advanced Vision Care. AVC is one of the UK's leading independent corrective eye surgery clinics located on London's prestigious Harley Street. Vision correction treatment is a simple, pain free, non-intrusive procedure which changes lives forever.

Mr CT Pillai, who leads the surgical and clinical team, is one of the UK's most experienced refractive surgeons with 20 years ophthalmic experience. He was the first surgeon to perform bilateral Laser eye treatment in the UK and has carried out over 20,000 procedures

Mr Pillai says "I am delighted to be associated with this premier event. It's exciting to be part of changing lives and we look forward to working with the winners so that glasses and contact lens can be thrown away."

SMILE DESIGN BY ASH
