CAROLINE IS STUNNING

Caroline's new found confidence speaks volumes. "I still can't believe it's me especially now I can read everything so perfectly. I feel so different about myself. There are no words to describe how I feel or the experience I've had. I have been turned into a new woman and now the future looks great. I am so grateful from the bottom of my heart." Daughter Lianne loves her new look Mum. Proud husband Martin said "You have done a brilliant job and we want to thank everyone."

KEITH GETS A GEORGE CLOONEY LOOK

"I am struggling to explain the experience and how I feel about it. It's been wonderful. I feel as though I have stepped out of my old self. I'm a new man in every respect and now I feel so positive about the future. Thank you Emily." Emily was thrilled with Dad's new looks and since beginning his makeover process, he already has a new girlfriend too!

ELEASHA IS GLAMOROUS

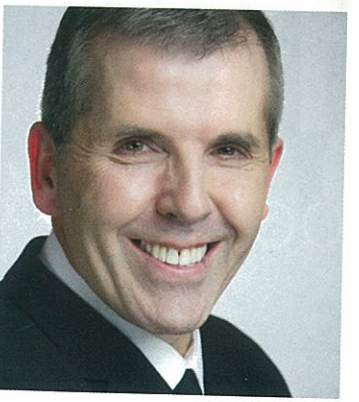

"I was emotional when I heard I had won and I still am. It's been absolutely wonderful and I still can't believe my looks and how I feel. Is it a dream? Will I wake up? I have been turned into a new woman with new found confidence and now the future looks great. I am so grateful - I want to thank everyone for helping me to believe in myself."
