## UNDER EYE AREA MAKING YOU LOOK TIRED?

I was recommended to see Frances of Perfect Skin by a family member. I was nervous as I had never had any treatments before. To be honest I was quite low maintenance when it came to beauty and having suffered with Rosacea I was nervous to have facials or always cautious when it came to products on my face as I reacted if I wasn't careful.

Frances provided me with a thorough consultation, treatment plan and information sheets on her

suggestions. Since having my treatments I have not looked back, my confidence and self esteem are through the roof. Dermal fillers, muscle relaxing injections, Plexr & skin peeling with a specific skin care regime has really helped with all my problem areas. I would say to anyone you can look natural and fresh with the right medical practitioner and amazing quality products. Go for it!
